

Rakshatha Murching

Product Marketing Manager | B2B SaaS & Fintech | Go-to-Market Strategy

Bengaluru, India - +91 973 808 0905 - rakshathamurching@gmail.com - linkedin.com/in/murching-rakshatha/

PROFESSIONAL SUMMARY

Data-driven B2B SaaS marketing professional with 9+ years of experience spanning product marketing, go-to-market strategy, and sales enablement. Currently leading product marketing at Glomo, a fintech startup building cross-border payment solutions for Indian MSME exporters — owning positioning, go-to-market execution, and full-funnel campaign strategy. Previously supported 5+ years at Yahoo driving enterprise SaaS platform marketing for global fintech and e-commerce clients. Proven ability to build marketing functions from the ground up, translate complex products into compelling narratives, and drive measurable pipeline impact.

KEY ACHIEVEMENTS

- **25% improvement in talent attraction metrics** — led employer branding content strategy at LKQ India
- **25% improvement in campaign performance** — optimised client campaigns using Looker and Tableau at Yahoo
- **\$2M+ annual ad spend managed** — for global fintech and e-commerce enterprise clients at Yahoo
- **Built marketing function from zero** — at Glomo — product marketing, PR, webinars, events, email, website and demand generation
- **Launched webinar & PR program** — grew exporter audience engagement and inbound leads; authored press releases that secured media coverage for Glomo

WORK EXPERIENCE

Marketing Lead | *Glomo - Fintech* | *Cross-border Payments, Bengaluru*

Jan 2026 - Present

- Led product marketing for Glomo's B2B SaaS platform — owned positioning, messaging, and go-to-market strategy for MSME exporters and banking partners
- Built and executed launch strategy and sales enablement materials including battlecards, one-pagers, and competitive analysis to support the sales pipeline
- Drove multi-channel content and demand generation across LinkedIn, email, and social; authored press releases and secured media coverage for Glomo
- Launched and ran a webinar program for exporter education and inbound lead generation — growing audience engagement, generating MQLs, and contributing to the sales pipeline
- Led full website redesign — restructured information architecture, rewrote copy, and improved conversion pathways aligned to the buyer journey
- Designed email nurture and onboarding sequences achieving 35%+ open rates; managed brand merchandise procurement and distribution for events and partner activations

Marketing Coordinator | *LKQ India Pvt Ltd, Bengaluru*

May 2024 - Jan 2026

- Owned employer branding content strategy for LKQ Europe and India — drove 25% improvement in talent attraction metrics through targeted LinkedIn, blog, and digital campaigns
- Managed end-to-end event marketing — merchandising, trade shows, and conferences — while building supplier and regional stakeholder networks
- Launched LKQ India website, aligning content and design with global brand standards and regional business objectives
- Reported on campaign performance using data analytics dashboards to track deliverables, risks, and dependencies

Career Break | *Travel & Upskilling*

Jan 2018 - Aug 2018

- Took a deliberate career break to travel and invest in personal development — completed online courses in digital marketing, content strategy, and SaaS platforms

Senior Technical Implementation Specialist | *Yahoo Inc., Bengaluru*

Aug 2018 - Jan 2024

- Managed enterprise B2B SaaS advertising operations for global fintech and e-commerce clients across the US, EU, and APAC markets
- Built performance reporting frameworks using Looker and Tableau — delivering structured campaign insights to sales and client success teams that drove measurable optimisation across accounts
- Created sales enablement content — technical guides, user documentation, training materials and workshops — supporting platform adoption and customer retention

Technical Solutions Representative | *Hewlett Packard Inc., Bengaluru*

Aug 2016 - Dec 2017

- Delivered enterprise technical support for a portfolio of B2B customers, resolving complex platform issues and maintaining high client satisfaction scores
- Created customer-facing documentation and knowledge base articles to reduce support ticket volume and improve self-service resolution rates

EDUCATION

Bachelor of Engineering - Electronics & Communication

2016

Visvesvaraya Technological University, Karnataka, India
